THE 6-IN-1 HYDRA MICRODERMABRASION FACIAL MACHINE

The 6-in-1 Hydra Dermabrasion Machine is a non-laser skin resurfacing treatment combining cleansing, exfoliation, extraction, hydration and antioxidant protection resulting in clearer, more beautiful skin with no discomfort or downtime. The treatment is soothing, moisturising, non-invasive and non-irritating.

6 Different Functions:-

Ultrasound Head:- promote microcirculation, skin rejuvenating

Multipolar RF:- Compact shaping, face lifting

Bio Microcurrent:- Raise the overall tightening of facial skin

Hydrodermabrasion:- Facial cleansing, peeling, pore cleansing

Cold Hammer:- Cool down skin after treatment

Oxygen Spray Gun:- Skin Rejuvenation
